

SHADIL SHAKEER THARAYIL

Aspiring Software Engineer | Skilled in Web & Blockchain Development | Open to Internships

Bangalore, India | P: +91 75111 33349 | shadil.cse@gmail.com | linkedin.com/in/shadil | github.com/Shadil-dev

EDUCATION

PRESIDENCY UNIVERSITY

Bachelor of Technology

Major in Computer Science - Blockchain.

Coursework: Data Analysis, Software Engineering, Operating Systems, Cryptography and Security, Data

Communication and Computer Networks, Cloud Computing, AI and ML, Algorithm Design, Blockchain, Distributed Ledger Systems, etc.

Bangalore, India

Expected August 2025

WORK EXPERIENCE

DIGITAL ALTA (Hybrid)

Search Engine Manager

Dubai, United Arab Emirates

Sep 2019 – Jul 2024

- Led a team of 7+ creative and SEO talents, and managed multiple marketing campaigns, enhancing visibility across tourism, fashion, e-commerce, and media industries, resulting in improved brand awareness and customer engagement.
- Deployed International and Local Campaigns for Brands Successfully Managed Budgets of 3.3 Crores+ INR and Delivered 400%+ ROI

UNIVERSITY PROJECTS

AI-POWERED LEGAL DOCUMENTATION ASSISTANT SOFTWARE

May 2025

- Designed and developed an AI-powered legal assistant to automate the drafting, reviewing, summarizing, and compliance checking of legal documents.
- Utilized NLP (Legal-BERT/GPT) and Gemini API to build a secure, customizable legal assistant with clause extraction, risk detection, Q&A, and summarization, improving document turnaround by 70% and achieving 85%+ accuracy in flagging inconsistencies.
- Tech Stack: React.js, Node.js, Express.js, MongoDB, Gemini API

ELECTRONIC HEALTH RECORD AND HOSPITAL MANAGEMENT SYSTEM WITH AI

Dec 2024

- Designed and implemented System Of Electronic Health Record Management in a 4-person team.
- Facilitate secure and accessible electronic health records management for patients and doctors, leveraging artificial intelligence for personalized health analysis, diagnosis, and medication verification. Streamline healthcare processes, enhance data-driven decision-making, and promote seamless integration across endpoints, improving accessibility and efficiency in healthcare delivery.
- Tech Stack: React.js, MongoDB, Express.js, Node.js, TensorFlow

DECENTRALISED VOTING SYSTEM USING BLOCKCHAIN

Jan 2024

- Developed a Web3-based voting system enabling users to vote securely via MetaMask public addresses. Eliminated fraud risks, tampering, and centralization while automating vote counting and winner declaration, enhancing voting systems' integrity, trust, and security.
- Tech Stack: Smart contract using Solidity, JavaScript, HTML, CSS

DECENTRALISED LIBRARY MANAGEMENT SYSTEM USING BLOCKCHAIN

Jan 2024

- Library Management System using Solidity Smart Contract to perform CRUD operations of library entities and manage book lending, storing the data on the blockchain network.
- Tech Stack: Smart contract using Solidity

ARDUINO BASED SMART STREET LIGHT SYSTEM

Jul 2023

- Developed a smart system based on LDR and Timer Clock preventing challenges like light flickering and power wastage in the current street light systems.
- Tech Stack: Embedded C, Arduino UNO.

RASPBERRY PI BASED IR OBSTACLE DETECTION FOR LOAD SWITCHING

Jul 2022

- Developed a Smart Load Switching System based on Infrared sensors for Obstacle Detection using Raspberry Pi.

- Tech Stack: Python, Django by pi.

ACTIVITIES

GENESIS BLOCKCHAIN CLUB

Founding Member

Bangalore, India

Sep 2023 – Present

- Founding member of the first-ever Blockchain club in Presidency University to organize, and facilitate awareness and education about Blockchain among students.

ADDITIONAL

Technical Skills:

Skilled in Javascript - React, HTML, CSS, Solidity.

Proficient in Go, Node.js Express.js, Java - Springboot, SQL, Python.

Languages: Fluent in English, and Malayalam; Conversational Proficiency in Hindi.

Certifications & Training:

- Build an IoT Blockchain Network for a Supply Chain (BC0202EN, provided by IBM)
- Data Analysis with Python (DA0101EN, provided by IBM)
- Getting Started with Machine Learning Algorithms (Certificate code: 4676159, Simplilearn)
